ANSWER TO NOTE BY CARRANZA BASE OF FUTURE ATTITUDE

(By Associated Press)

Washington, June 29.—An official announcement of the release of American troopers at Chihuahua reached the state department early today from Agent Rodgers at Mexico City.

Columbus, N. M., June 29.—For the first time since the mobilization, state guardmen have crossed into Mexico.

The New Mexico guardmen last night were despatched south to help guard General Pershing's lines of communication.

TENSE MOMENTARILY RELIEVED, BUT CARRANZA MUST ACT

Washington, June 29.—The danger of an immediate break between the United States and Mexico was relieved by the dispatches saying that the prisoners had started to the border at least, until Carranza replies to the demand for a statement of his attitude toward the American expedition in Mexico to protect the border.

However the crisis is only less imminent than it was before.

High officials left it well known that the United States would proceed with military operations adequately to safeguard the citizens and territory and would continue the pursuit of bandits in Mexico, whenever there is hope of overtaking them, regardless of any Mexican plan.

The U. S. patrol will be maintained even if told the Carranza reply does not claim hostile intentions and the withdrawal of orders to military commanders offensive to the United States.

Carranza, in order to free the menace of a mobilized army, must police the border adequately and establish a military control firm enough to make the raiding into the United States improbable.

STILL PROBING LANSING FOR MEXICAN MEDIATION

Washington, June 29.—Mexican Ambassador Arredondo, announcing the release of prisoners said that Carranza had taken this step "because he did not desire to aggravate the relations of the two countries."

Inocacio Calderon, Bolivian minister and Rafael Salvidar, minister from Salvador, visited Secretary Lansing today to renew their efforts and learn whether the United States would accept mediation.

Calderon afterwards said he had been told that Lansing could not discuss the matter in the absence of Carranza's reply to the last note.

AMERICAN PRISONERS AT CHIHUAHUA RELEASED

El Paso, June 29.—President Wilson's peremptory demand that General Carranza for the release of the American prisoners held in Chihuahua definitely met with compliance.

It was announced from the correspondence in Juarez that a message had been transmitted over the Mexican telegraph which stated that the twenty-three negroes of the Tenth cavalry, captured at Carrizal, with Leon H. Stubbins, Mormon scout, had been removed from prison.

The message added that the men, with the arms and accoutrements, under heavy guard had been placed on
